

FACTS ABOUT IL SECURE CHOICE

Overview

Illinois was the first state to pass legislation establishing an auto-IRA, in 2015, and the second to go “live,” in 2018. In 2022, Illinois’ program is expanding to require employers with 5 to 24 employees and no retirement plan to automatically enroll their workers, who are allowed to opt out. Previously, the requirement only applied to firms with 25 or more employees.

To date, Illinois has 3,077 participating employers and 102,664 worker accounts (see Table 1).

TABLE 1. OVERVIEW OF ILLINOIS SECURE CHOICE

Design	Rollout	Status (as of March 31, 2022)
⇒ Mandated for employers in operation for 2+ years with 25+ employees and no retirement plan	⇒ Rollout to employers in progress ⇒ Rollout to workers in progress	⇒ 3,077 employers facilitating payroll contributions ⇒ 102,664 workers with a funded account
⇒ 5% default contribution rate, with auto-escalation of 1 ppt per year up to 10%	⇒ Registration deadline has passed for firms with 25+ employees, but rollout for smaller firms has now begun.	⇒ \$87.3 million in assets
⇒ Annual penalty of \$250 per eligible employee

Employers

So far, 3,077 employers in Illinois have set up their payroll systems to process deductions to Illinois Secure Choice (see Table 2 on the next page). As the program rolls out to smaller employers this year, the number of firms will continue to grow.

Employers subject to the mandate that do not comply must pay an annual fine of \$250 per eligible employee if noncompliance extends 90 days or more after the notice. The program is also open to employers who are not subject to the mandate and self-employed individuals who wish to participate.

Employees

To date, the number of employees with assets in Illinois Secure Choice has reached 102,664. Given the very early stage of the program, average account balances are modest. Contributions made in the first 90 days are invested in a money market fund; after that point, the account balance and future contributions are defaulted into a target-date fund. As of the most recent month, 33 percent of eligible workers chose to opt out of participating (see Table 3).

TABLE 3. SELECTED ILLINOIS SECURE CHOICE EMPLOYEE OUTCOMES

Period	Number of accounts (with balances)	Average account balance	Reported opt-out rate ^a
2021-Q2	90,403	\$742	34%
2021-Q3	94,326	781	34
2021-Q4	99,082	857	33
2022-Q1	102,664	850	33

^a The participation rate is not necessarily equal to one minus the opt-out rate. For more discussion on participation rates, see [Quinby et al. \(2019\)](#).

Assets

The program, which is intended to eventually become financially self-sufficient, had assets under management of \$87.3 million by the end of March 2022 (see Table 4 on the next page). To pay for its operating costs, Illinois Secure Choice charges an annual fee of 0.75 percent on program assets.
